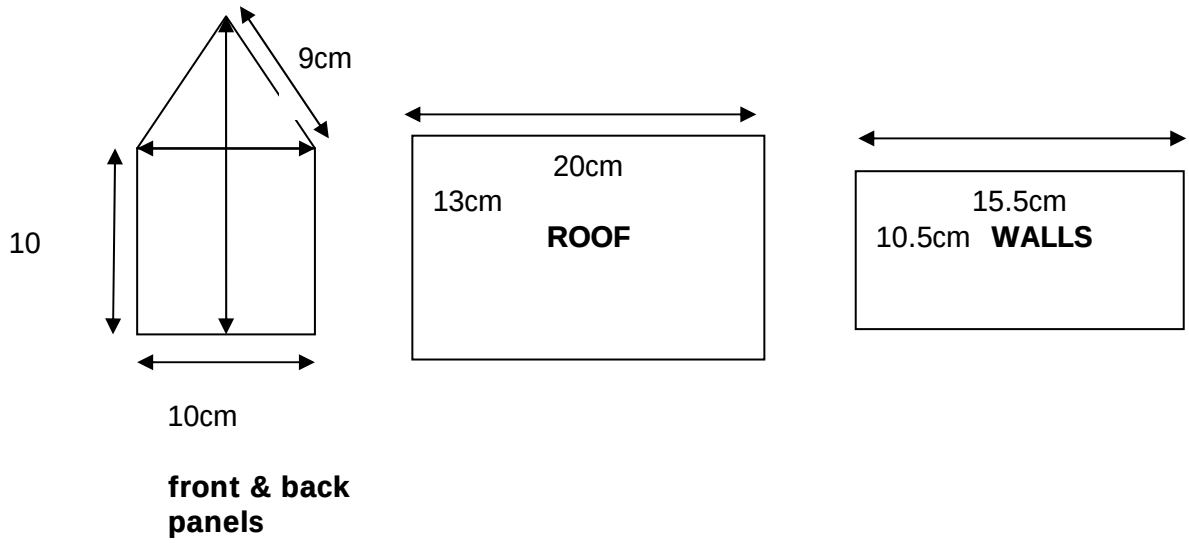
Haunted Gingerbread House – Stencil Guide

Note: allow 2-3 days to create the house



Building the Gingerbread House

1. Assemble gingerbread house using a generous spread of the royal icing to secure the pieces. Start with the walls, front and back panels of the house. Allow to set over night. (If necessary use items such as cans to hold up walls while setting). Next day use royal icing to attach roof panels.

2. Decorate roof with sliced liquorice allsorts and chocolate buttons. Attach with royal icing.

3. Make bats from black jellybeans and liquorice, ghosts from milk bottle lollies, cats from chocolate buttons and liquorice, tombstones (see chocolate mousse tombstones recipe on www.chelsea.co.nz). Use writing icing to write “keep out” on door and to decorate eyes on ghosts and cats.
